**Location** : Moorcroft Environment Centre, Hawkswood Drive, Moxley, Walsall, WS10 8GB, plus field trips.

**Day 1 : 13:30 – 20:00** (including optional evening pub meal at your own cost and evening newt survey)

**Day 2 : 09:30 – 16:00** (including lunch and reptile hunt if good weather)

Topics covered will include: amphibian and reptile ID, ecology, survey techniques, biosecurity and health & safety. This course is suitable for NARRS surveyors, ARG members, and volunteers wishing to complete surveys in the future. Preference will be given to residents of the Black Country (Walsall, Wolverhampton, Sandwell and Dudley).
